*USA Organic Hemp, THC-Free*

PURE CBD BROAD SPECTRUM 3500 MG

Experience the natural health benefits of CBD! B-Epic's Premium CBD Broad Spectrum Hemp Oil 3500 mg provides a powerful 116 mg broad spectrum (zero THC) CBD per serving. It contains only the purest, most effective Broad Spectrum CBD, CBG, CBN, CBV, plus terpenes combined to provide multiple health and wellness benefits with no psychoactive effect. To ensure potency, the CBD is rigorously double tested.

Our premium CBD oil tincture is made with pure CBD derived from United States grown hemp plants. Moreover, our CBD products are double tested to ensure purity and potency – first the raw material and second the finished product. All product bottles have a QR code that is scannable and takes you to the third-party lab's certificate of analysis (CoA) showing concentration levels of CBD, heavy metals, pesticides, cannabinoids, and – most importantly – zero THC.

In addition, B-Epic's Premium CBD Broad Spectrum Hemp Oil is made with proprietary HydroPure, a micelle nano advanced absorption technology designed for quicker, advanced absorption and efficacy. This medical micelle technology delivers faster, better absorption – increasing the bioavailability in the body by pre-digesting the cannabinoids so they pass through all digestive barriers faster with more CBD.
