Natural Weight Management Tea

## PRODUCT DETAILS

**RECOMMENDED USE:** Drink 4-8 ounces of the prepared tea 2-3 times a day. Tastes great hot, warm, or iced. Can be mixed with sweeteners, lemon, natural flavoring, juice, other tea, or beverage of your choice.

**PREPARATION DIRECTIONS:** 2 tea bags make 1 gallon of prepared tea. Bring a quart of water to a full rolling boil then turn off heat. Place 2 tea bags in the hot water; cover and steep for 4-8 hours (or overnight) to bring herbs to full potency. Then pour contents (including tea bags) into a gallon pitcher and fill with water. Then it's ready to drink and/or refrigerate. **DO NOT MICROWAVE** the water or tea bags; doing so will destroy the herbs' beneficial properties.

**CAUTION:** Contains cathartic herbs. Consult your physician before taking if you are pregnant, nursing, under age 18, elderly, or under medical supervision.

**STORAGE:** Store in a cool, dry place to maintain freshness.
