Fuel your body with delicious, nutritious greens! GR8 GREENS is a science-based cardio-health green drink mix that tastes great and is packed with bioavailable nutrition that fuels the body and helps bring it into a healthy state. Every serving provides the body with therapeutic amounts of vitamins, minerals, antioxidants, enzymes, and phytonutrients. These vital organic compounds are essential for good health but are often depleted from our modern-day diets.

Our exclusive formula is made with the highest quality raw greens available anywhere in the world – certified organic and sustainably grown. These unique, vitamin- and mineral-rich greens are derived from one of only two inland seabeds on Earth and are grown in pristine ancient volcanic soil. From time of harvest – which only takes place twice each year – the fresh plants are juiced within minutes and immediately converted into our powerful green nutrient blend through a proprietary process.

GR8 GREENS contains a proprietary stack of three synergistic nutrient blends. Active Greens Blend nourishes the body, is great for the immune system and gut health, helps reduce inflammation, and boosts energy. Nitric Oxide Blend fuels the body's natural processes to restore and strengthen the cardiovascular system. Insulin Sensitivity Blend is a holistic approach to helping the body regulate blood sugar levels and prevent insulin resistance.

Plus, it is designed to support the natural healing processes that restore and strengthen cardiovascular health and prevent and reserve insulin resistance. Each serving provides 3,000 mg of L-Arginine and 1,000 mg of L-Citrulline, which Nobel Prize-winning research has found can help age-proof the cardiovascular system by naturally boosting the production of the powerful neurotransmitter Nitric Oxide.

GR8 GREENS

Cardio-Health Green Drink Mix

PRODUCT DETAILS

DIRECTIONS: Mix 1 stick pack in 8 ounces of water. Stir or shake to dissolve. If water is very cold, it will take a minute to fully dissolve. Recommend drinking one serving twice a day on an empty stomach.

CAUTION: Consult your physician before taking this or any supplement, especially if you are pregnant or nursing, have a medical condition, are taking medications, or are under age 18.

STORAGE: Store in a cool, dry place to maintain freshness.

MADE IN USA

These statements have not been evaluated by the USFDA nor SAHPRA. This product is not intended to diagnose, treat, cure, or prevent any disease.

Individual results will vary. Best if taken as part of an overall healthy lifestyle. As with many health supplements, consistent use is key to maximizing the benefits.
