

LurraFit Coffee™

Made with Medicinal Mushrooms

BOOSTED COFFEE BLEND

Get ready to energize your day and your weight loss! LurraFit Coffee™ is the go-to weight management product for coffee lovers everywhere. Made from quality ingredients hand-selected for their natural adaptogenic, antioxidant, and thermogenesis properties, it's unlike your average cup of joe.

Rich in smooth, bold flavor and aroma, our full-bodied black Arabica coffee has little acidity or bitterness. Plus, it contains medicinal mushrooms, organic compounds, and plant-based extracts known to increase energy, curb appetite, and boost the brain. Regular use has been shown to support healthy weight management; improve metabolism, memory, and mood; as well as enhance mental and physical performance and productivity.

So how does it taste? LurraFit Coffee™ is a full-bodied, dark black coffee. The flavor and aroma of the multi origin bean blend are rich and complex. It starts bold and smooth, with low acidity and little bitterness. The bold yet soft notes of the Arabica coffee beans are present in both the aroma and the taste. As the coffee cools, the flavor deepens as the added adaptogens intermingle – creating a truly pleasant coffee drinking experience.

Coffee Lovers, Energize Your Day!

LurraFit Coffee™

Boosted Coffee Blend with Mushrooms

ADDITIONAL DETAILS

LurraFit Coffee™ is made from quality ingredients in features three nutrient-rich blends. There are no hidden toxic chemicals and no inflated claims. It delivers results.

LURRA ENERGY COFFEE BLEND: Begin your day with an energizing cup of LurraFit Coffee™. Made from fine Arabica coffee rich in deep flavor, aroma, and body. This base is boosted by selected nutrients and extracts for added energy, endurance, and stamina benefits.

LURRA HEALTHY WEIGHT MANAGEMENT BLEND: Packed with nutrient-dense super foods found to boost the metabolism, stave off hunger, and increase mental clarity. These ingredients were hand-selected for their remarkable mood, productivity, and weight loss enhancing benefits.

LURRA ADAPTOGENIC MUSHROOM BLEND: Powerful blend of medicinal mushrooms with significant health boosting properties. Research has shown regular use of these antioxidant-rich adaptogenic mushrooms can significantly improve cognitive function, protect against the effects of aging, and boost immunity.

- **Arabica Coffee:** Can help energize the brain and body, boost metabolism and immune system, as well as boost stamina and mood while reducing stress.
- **Choline Bitartrate:** May help boost memory and mood. Can help delay fatigue in endurance sports.
- **DMAE:** There is good evidence that it may boost brain health and help reduce age-related cognitive decline.
- **Green Tea Extract:** Thanks to its high antioxidant content, it may help promote weight loss, regulate blood sugar, and improve brain health.
- **Mucuna Pruriens Extract:** Has been shown to be helpful in promoting deep sleep, reducing body fat, and improving mood.
- **Alpha-GPC:** May help boost memory, focus, and learning. It has been repeatedly proven to help prevent age-related cognitive decline.
- **Theobromine:** Has been shown to help brain function, remove toxins, and suppress appetite.
- **L-Tyrosine:** There is good evidence that it replenishes important neurotransmitters and improves mental function.
- **L-Theanine:** Has been shown to help with anxiety and stress-relief, increased focus, better immunity, and improved sleep quality.
- **Eria Jarensis:** May boost mood levels, concentration, and focus. May also act as an appetite suppressant and reduce feelings of anxiety.
- **PEA:** Has been shown to increase mental clarity, mood, stamina, energy, and motivation.
- **Ganoderma Lucidum Extract:** May help boost immunity, help with weight loss, improve memory, increase energy stamina, and reduce feelings of stress. Also, has antioxidant and anti-aging benefits.
- **Cordyceps:** Potential benefits include helping reduce fatigue, boost energy, and regulate blood sugar levels. Also has anti-aging and health-health benefits.
- **Lions Mane:** Has been shown to help boost mood and mental functioning. Also has strong anti-inflammatory, antioxidant, and immune-boosting abilities.
